How much cover do I need?

It is very important for you to make sure that you are insured to the correct levels.

We have put together this guide to help you.

Buildings

Your sum insured should be enough to rebuild all the property covered in the same form, size, style and condition as new. This includes the structure of the private residence, landlord's fixtures and fittings and the following if they form part of the property: oil and gas tanks, cesspits, walls, gates, fences, hedges, terraces, patios, drives, paths, car ports, garages and outbuildings.

The market value of your home is not a suitable guide. If in doubt, you should seek advice from a qualified surveyor.

Contents

Your sum insured should be enough to replace as new all landlord's contents kept in the insured property. Landlord's contents includes furniture, carpets, furnishings and household goods that either belong to you or for which you are legally responsible.

Security requirements

For some homes we may require or recommend certain security measures because of where your home is located and/or your chosen level of sum insured. More information is available in the Proposal/Statement of fact or from your insurance intermediary.
